### About Me:

Hi! My name is Anderson. My birthday is November 26, 2005. My mother is a vendor and my father has passed away. I have one brother and no sisters. I help my family at home by washing dishes. The school subject I like most is Math. Some of my favorite things are soccer and the color black. When I grow up I want to be a soccer player.

### About My Community:

I live in Haiti, which is part of a beautiful island in the Caribbean Sea. We speak Creole, which is a form of French. In my community of Mahotiere, we eat foods like rice, beans, breadfruit, and mangoes, which are brought in from outside the city. Our homes are typically made of cement block with cement roofs. In my community, we are part of the big city of Port-au-Prince. The adults have jobs that are centered around selling things, but jobs are hard to find. Many people earn around \$700 Haitian dollars each year, but that is not enough to support a family. We often get worms, fevers and eye infections. We can get stomachaches and cholera because our water is dirty. Malnutrition is also a big problem because we do not have enough food, or even healthy foods to eat. I dream that someday my community would have a library and reliable access to electricity. Maybe we could even have clean water so that we don't get sick! I also hope that there would be more jobs so that families would not have to struggle so much.

### Benefits of the Program:

Anderson is educated in one of Lifeline's Christian schools. At our schools, students are educated by the standards mandated by their government, while experiencing God's love through the staff and educators and hearing His Word incorporated throughout their daily lessons. Students of all backgrounds and faiths are welcome at our Christian schools. The students also receive additional programs initiated by Lifeline, such as a nutritious lunch each school day and health/dental care. Our goal is that every child completes our schools realizing their full potential educationally, while embracing God's Word personally! Engagements No engagements
